

Forests of Boujdour

Share

Renewable energy does not emit CO2 and plays a crucial role in the fight against climate change. Siemens Gamesa goes beyond. Do you know that the best way to combat CO2 emissions is planting trees? We are launching the Forests of Siemens Gamesa worldwide as part of our Social Commitment efforts to support reaching the Sustainable Development Goals within the UN's Agenda 2030 for a better planet.

With this Forests we planted 808 trees in Boujdour, Morocco with our partner HAF following our goal to create the Forests of Siemens Gamesa all over the world.

Agenda of the event

9.00 - Arrival at the planting area and refreshments

9.15 - Briefing about the context, event and logistics

11.00 - Distribution & Planting 294 trees (Fig and Pomegranate) with the farmer Mr. Laarousi in Om Rjilat Jrifia Commune (70 km from Bojdour center)

12.00 - Lunch in Om Rjilat Jrifia Commune

15.00 - Distribution & Planting 400 trees (fig and pomegranate) with Mr. Abdellah Tobali in Lmsid Commune (3 km from Bojdour center)

17.00 - Return to the Bojdour Center

Volunteering Program

In line with our core value: creating a better and sustainable world for generations to come, the Corporate Volunteering Program looks to create beneficial impact within the communities where we operate and the environment. In addition, this program brings the employees the opportunity to participate in the different activities learning about sustainability and promoting pride of belonging, engagement and motivation.

More than 80 employees have volunteered to help manage the different volunteering events locally and motivate others to join the initiatives.
